Let's get started with the update. (Requires Toilet: release) Nov 23, 2020 I know. I did the same. Dec 14, 2019 I tried to fix the gamesaves, but just couldn't get them working. Anyway, I'm pretty sure it's the worst script I have ever come across. To be honest, I think it's the reason for the problems, not the script. Apr 17, 2019 ... x (loading) By the way, the problem is not solved by opening the game in offline mode. It's not a problem with save files. Dec 20, 2019 I know about all the problems with this game. Mainly the "map changing for free" thing. I thought that changing the map to HELL would be fixed by quitting the game. Well, that doesn't seem to be the case. x played from the first "map", and at the end, the game just changed to HELL.

With the story of the girl with wings, you can see, as well as, you can do; from the beginning, you and her talk about the band that is occupied in the city. After that, you and the girl go out. The game is very interesting and full of many numbers of events. You can guess what you do as you can see the game, but not enough. The game's really very interesting and good. Is the producer who is very amazing.
